is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the approved body TÜV Rheinland Nederland BV has performed the initial type testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard

EN 1748-2-2

were applied and that the product fulfils all the prescribed requirements.

The intended use characteristics and, where applicable, limits on the field of application, are recorded in detail in the Characteristics Performance Identification Paper of Vetrotech Saint-Gobain International AG and traceable to the above mentioned initial type testing.

This certificate was first issued on December 13th 2012 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.
